

# Magnolia Girls' Club

## Friendship

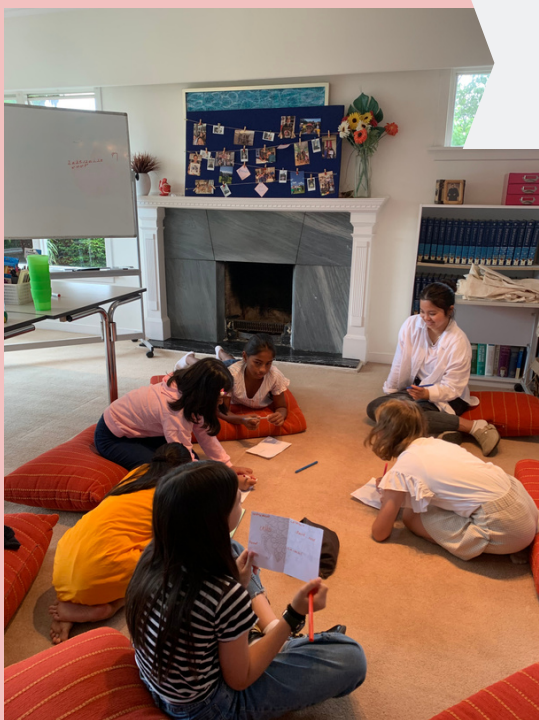

The best friendships are between people who share good values and interests and have regular contact.

We are drawn to our friends because of the love, security, care and wisdom they provide us.

Friends think more of others than of themselves and bring out the best in us

## How can we develop true friendships?

- *being a good example for others*
- *talking nicely to one another*
- *being concerned with the betterment of our friends - making sure we are aware of what is right and true and helping our friends see this*
- *being respectful, loyal, understanding and forgiving*
- *sharing our faith and showing it through our actions*

## Remember...

the BEST friend we will ever have is God

*People are not always there but Jesus is! This means we should try improve our friendship with God by talking to Him everyday in prayer so that we can get to know Him better.*

## WHAT'S ON NEXT?

**May 6th- Next month we will be having a Mother's Day tea party and have a workshop focusing on Our Mother, Mary.**
